HENRY DAVID THOREAU

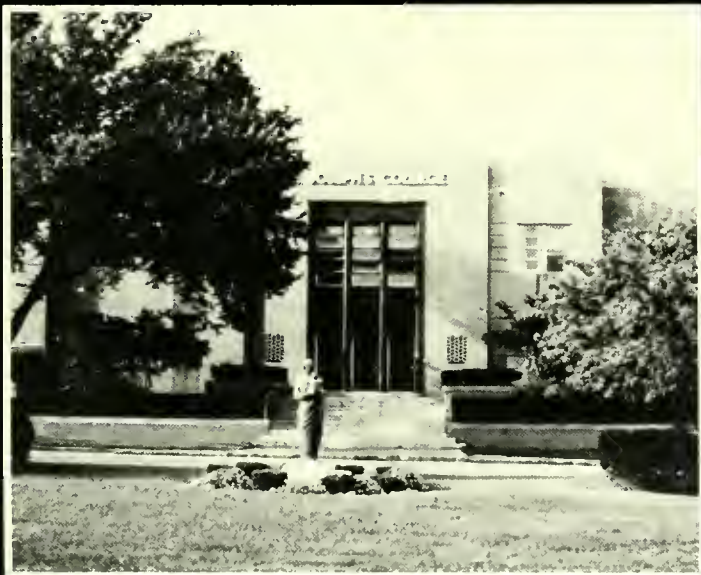

St. Joseph's College, founded in 1916, held its first classes in a brownstone house at 286 Washington Avenue, Brooklyn, New York. The main Building on Clinton Avenue was dedicated in 1930. The College was accredited in 1928 by the Middle States Association of Colleges and Secondary Schools and received its permanent charter from the Board of Regents of the State of New York in 1929. The College continued to expand with the opening of McEntegart Hall, a multi-functional building housing the library and classrooms in 1965 and the Dillon Child Study Center in 1970. In 1970, a Charter amendment enabled the College to admit the first men students to full matriculation. The Division of General Studies was established in 1974 for students with non-traditional academic backgrounds.

The Suffolk Campus opened in September, 1972, with an Upper Division baccalaureate program. This Suffolk County operation was recognized by the Regents as a Branch Campus of St. Joseph's College in 1976, and a full four year program was initiated in September 1978. The Suffolk Campus moved to its Patchogue facilities in August, 1979.

Dear Graduates of the Class of 1987,

On behalf of all Faculty and Administrators, I congratulate you. We have heard it said, "Everything has its season, and there is a proper time for every happening under the sun." Indeed, for each of you who has uniquely arrived at the point of completion of a baccalaureate degree, this event occurs at its proper time.

Today, the question is frequently posed: Is college an investment, or is it an end in itself? Our hope is that you have found it to be both. Our observations are that St. Joseph's has helped you to encounter the life of the mind and to attain a level of spiritual, emotional, and social maturity such enlightenment affords. Your studies, rooted in the tradition of a liberal arts college, have offered you knowledge and experience useful in a future profession, but they have also provided you with insight into your own personal power; with key leadership standards of love, justice, and compassion; and with a focus on life that is both local and global.

We rejoice with you and are proud of you. May your days ahead be happy and successful; and may you continue to be women and men who seek to perceive clearly, to learn more, and to reach higher. May you have the courage to work for a better world and the faith to believe in a God who wills it for us. God bless you.

Sincerely,

Sister Jean Marie

As we march on into the horizon, we are not alone. There is always a friend by our side to be with us, to help and guide us in our endeavors. Often, in our travels through St. Joseph's, we experience both up-beat and low periods. During those times, when we need our friends most, we call upon them to guide us through uncertainties, knowing they will be there.

What is a friend? In the words of William Penn, "A true friend unbosoms freely, advises justly, assists readily, adventures boldly, takes all patiently, defends courageously, and continues a friend unchangeably." This is true of many of our friends at St. Joseph's College. They carry us, yet let us walk; they guide us, yet let us choose our own way.

With great pleasure, The Senior Class of 1987 proudly dedicates *Horizons '87* to a very special friend; one who embodies all of these characteristics of friendship and more—SISTER KAREN KENNEY—Thankyou, for all you do for St. Joseph's College and all the students within.

SISTER KAREN KENNEY

AND WE SEE THE ROLES THAT THINGS HAVE PLAYED...

THE FACULTY THAT TAUGHT US HERE WAS A MOST
IMPORTANT PART,
FOR THEY GAVE US A FOUNDATION, FROM WHICH IDEAS
WOULD START;
AND WITHOUT A STRONG FOUNDATION, UPON WHICH WE
COULD BUILD
WE COULD NOT MOLD OUR DESTINIES, OR SEE OUR GOALS
FULFILLED.

As we look back, we see the colors of our past life beginning to fade. Our memories are forced to become stronger and more precise. We'll hold tight to these as we move onward into the horizon. We know not what the future holds for us, but we step into the midst of the unknown bravely with the hopes and thoughts of a good life.

St. Joseph's College, the cornerstone of our future, has prepared us well for the looming horizons before us. With this solid base, we are able to continue onward and success can all but avoid us.

So, let us march forward and color our horizons brilliantly with life and love, and always, let us remember our happy beginnings.

Thankyou Mom and Dad for being the greatest parents and making this all possible. I love you, love always, Denise.

I, Thérèse O'Connor, leave to my fellow English majors—its been a great experience and the best of times—Thankyou.

Satin, its been a great four years! Love Ya—Lace.
